NARSINGDI MODEL COLLEGE

Higher Secondary School Certificate
Period: 2016 to 2018

MUTIULLAH BHUIYA HIGH SCHOOL

Secondary School Certificate
Period: 2014 to 2016

PERSONAL PROJECTS

Money Selling/Exchange Website:

--Technologies Used:

- **Next.js:** Leveraged the benefits of Next.js to achieve SSR, enhancing website performance and SEO.
- **Bootstrap:** Utilized Bootstrap's framework to create a visually appealing and mobile-friendly user interface.
- **Context API:** Implemented React's Context API for efficient state management, ensuring smooth data flow and user interactions.
- **Real-time Chatting:** Integrated a real-time chatting feature using WebSocket technology.

--Key Features:

- **Currency Exchange:** Users can easily convert one currency to another with exchange rates.
- **Transactions:** Users can confirm transactions via WhatsApp, Telegram chat, or a dedicated chat facility integrated with the website.
- **Real-time Chat:** Provided users with a chat interface to facilitate instant communication with other buyers or sellers during transactions.
- **Responsive Design:** Ensured that the website adapts seamlessly to various devices, an optimal experience on desktops, tablets, and smartphones.

--My Role: As a front-end developer, I was responsible for the end-to-end development of the website. I collaborated with my friend who developed the back end and provided the necessary APIs data integration. My role involved designing the user interface and implementing the website's features.
